

Math 321 Fall 2016
Homework 11
Due: December 2, 2016

You are welcome to work together but everyone needs to write up **distinct** solutions. If you use any books outside of our textbook or other people, please make sure to give them credit. Make sure your solutions are complete. If your handwriting is atrocious, I am happy to give you a basic introduction to L^AT_EX.

1. 20.1
2. 20.6
3. 20.7 b,c,e
4. 21.4
5. 21.6
6. 21.11
7. 20.10
8. (a) 21.13
(b) 21.14
9. 21.21
